Vermont Medical Society Foundation Awards Scholarship to UVM College of Medicine Student

Nathaniel Moore awarded Dr. Mildred Reardon Scholarship

Stowe, Vt. (Nov. 9, 2022) – The Vermont Medical Society’s Education and Research Foundation (VMSERF) has awarded a \$10,000 scholarship to Larner College of Medicine at the University of Vermont student **Nathaniel Moore**. Mr. Moore was honored at the Vermont Medical Society’s 209th Annual Meeting held at the Topnotch Resort in Stowe, Vermont on November 4th, 2022.

Each year VMSERF awards a scholarship to a medical student who is committed to practicing medicine in Vermont and caring for the health of Vermonters. The scholarship program was created to encourage young physicians to return to Vermont after completing their residency training and is named in honor of Dr. Mildred Reardon, a faculty member at the Larner College of Medicine at UVM, who was instrumental in forming the Foundation.

A member of the Class of 2024 at the Larner College of Medicine at the University of Vermont, Mr. Moore has been an emergency medicine physician assistant at UVM Medical Center since 2015. He completed his undergraduate degree at Colby College, in Waterville, Maine, with a double major in mathematics and biology and received a Master of Science degree at Bay Bath College in Longmeadow, Massachusetts.

Prior to applying for the Mildred Reardon Scholarship Moore and his family suffered a loss that solidified his commitment to practice medicine in Vermont. Whether through family medicine or emergency medicine, Moore wants to be a

physician who focuses on providing preventative care and helps his Vermont neighbors promote longevity through healthy lifestyles.

Please join VMSERF in congratulating Moore for standing out among a strong group of candidates for his commitment to serving the healthcare needs of Vermonters.

About the Vermont Medical Society Education and Research Foundation:

The VMSERF is a nonprofit charitable organization sponsored by the Vermont Medical Society and organized exclusively for charitable, educational, and scientific purposes. The purpose of VMSERF is to advance the public good by supporting educational and research activities in the field of health.

About the Vermont Medical Society: The Vermont Medical Society is the leading voice of physicians in the state and is dedicated to optimizing the health of all Vermonters and the health care environment in which Vermont physicians and physician assistants practice medicine. The Society serves its 2,400 members through public policy advocacy on the state and federal levels, as well as by providing legal, administrative, and educational support, producing a rich flow of news and information, and offering member benefits that increase medical practice effectiveness and efficiency.
