

Program Year 2014 Quality Reporting (QRDA) III Submission Errors with Incorrect Program Name

Submission of 2014 quality reporting data began on **January 1, 2015** and continues through **February 28, 2015**.

You can file 2014 quality data in several ways:

- **CQM** (dual participation in PQRS and the Medicare EHR Incentive Program)
- **EHR** (determine the 2014 incentive payment/2016 payment adjustment using the [CMS Attestation System](#))
- **QCDR** reporting method/QRDA category III (dual participation in PQRS and the Medicare EHR Incentive Program)

→→→ If you choose to submit using **QCDR/QRDA Category III**, please be sure to use the correct **CMS Program Name** in the **Information Recipient** element. This designates the Eligible Professional (EP) program to which your report is submitted.

If the **incorrect** CMS Program Name is submitted, you will not receive credit for the program you intended to report. Please select the correct Program Name for your submission, so that CMS can properly analyze your reporting data and you can receive credit for the program data you submit.

Below is a table with valid CMS Program Names. This can also be found in the [2014 QRDA III Implementation Guides for Eligible Professionals Clinical Quality Measures](#), Volume 2, Section 1.1.4.

Value Set: CMS Program Name 2.16.840.1.113883.3.249.14.101			
Specifies the CMS Program for QRDA-III report submissions			
Code	Code System	Code System OID	Print Name
CPC	CMS Program	2.16.840.1.113883.3.249.7	CPC
PQRS_MU_INDIVIDUAL	CMS Program	2.16.840.1.113883.3.249.7	PQRS Meaningful Use Individual
PQRS_MU_GROUP	CMS Program	2.16.840.1.113883.3.249.7	PQRS Meaningful Use Group
MU_ONLY	CMS Program	2.16.840.1.113883.3.249.7	Meaningful Use Only

Failure to submit your QRDA III files with the correct Program Name listed in the Information Recipient may result in a negative payment adjustment for Program Year 2014.
